

Project: County of Santa Clara - Annual Maintenance Contact

Location: Sunnyvale, CA

Owner: County of Santa Clara, Roads and Airport Dept.

General Contractor: Wattis Construction Company, Inc.

Sub-Contract: Central Expressway Sub-drain Installation

JWE's contract was to cut into an existing 33" storm main and install a 110-ton Vortec Storm Filter. JWE designed and engineered the sheeting, shoring, dewatering and diversion plans in-house for this 24' X 20' X 15' pit in the middle of Central Expressway.

Completed—June 2007
